To Whom It May Concern:

Mr. Uring was very cordial & professional in his approach to dealing with me and my financial problems. I asked him a lot of questions and was satisfied with his responses. He also made me feel at ease while discussing these concerns and never was condescending.

He promptly returned my calls, but never pressured me into the program. I hope my difficulties will be resolved and I am hoping my future contacts will be as helpful.

Thank you,
Frederick Finerty

P.S. I did refer Janice Bishop to your company.
(Hopefully, there will be more.)
